

User Manual

MindMate: AI-Powered Mental Health Companion with Mood Tracking and Personalized Wellness Support

1. Introduction

MindMate is a mobile mental wellness app designed to help you understand your emotions, track your moods, journal safely, and receive AI-guided support. It is built to be simple, secure, and supportive for your daily emotional well-being.

Most features work offline, allowing you to log moods, write journals, and view trends without an internet connection. The Internet is only required for account verification, Talk to MindMate, Profile access, password reset, and emergency SMS alerts.

This manual explains all features and guides you in using MindMate effectively.

2. Getting Started

2.1 Requirements

Android 8.0 or higher

150MB free storage

Internet required for: Sign Up verification, first login, Forgot Password, Profile, and Talk to MindMate.

Internet optional for offline features like Mood Logs, Journals, Mood History, and Detailed Mood Trends.

2.2 Installation

Download the MindMate APK.

Tap the file and choose Install.

Open the app after installation.

Sign Up (Creating an Account)

To register your MindMate account:

Tap Sign Up.

Enter your: First Name, Last Name, Email, Password

Confirm Password
